

Zoo Classification

to use to split up the animals, then split each group into two more groups. Carry on until you have classified the individual animals, or cannot think of a way to split the group up any more. The first few boxes have been drawn for you. Add a title for each group to show your reasons for classifying the animals in this way. You have been asked to classify the animals on the Zoo Animals List. The animals will be housed in enclosures near to each other. Start by deciding on two groups
